

Dual Enrollment

Become a Dual Enrollment Student Today! Graduate with your AA!

What is Dual Enrollment?

Dual Enrollment (DE) allows qualified students to enroll in college courses through local and state colleges and universities while still in high school. Credit earned through DE can be used as college credit.

What you need to know:

- Requires a 3.00 unweighted Grade Point Average (GPA) to participate.
- Requires approval from parent/guardian, counselor, and principal/assistant principal. The school is under no obligation to accept credit without it.
- Grades for the courses will be posted on high school transcript.
- Requires completion of all college or university admission requirements, including passing a placement test if required.
- The course fee is waived by the college/university, and the District pays for the required books/materials.
- Transportation to and from the college/university is the student's responsibility.
- Required return for all textbooks issued or else will be financially responsible to the high school.
- Courses will be taken after school hours (2:30 PM) at the Miami-Dade College campus.

Go to MDC's Dual Enrollment website to learn all about dual enrollment and get your questions answered. <https://www.mdc.edu/future-students/high-school/dual-enrollment.aspx>

Step 1: Becoming an MDC Student – Have you ever taken a Dual Enrollment class at MDC? If not, the first thing you need to do is apply to be an MDC student. It is taking approximately 24-48 hours for MDC to process the application. Click [here](#) to access the application.

Step 2: After MDC processes your application, they will email you an MDC ID #. Once you receive the ID number you will email the dual enrollment coordinator, elviraruz@dadeschools.net, with your ID # and a parent/guardian's

email address. The dual enrollment coordinator will then complete a referral form for you.

Step 3: Once MDC receives your referral form, you will need to register for a placement test if needed.

Step 4: Selecting your classes – Please review MDC – AA Pathway (click [here](#)) for courses you may be interested in taking. Visit the MDC website to search for the times and days the classes are offered (click [here](#) to search for a class). Classes are subject to approval by the Dual Enrollment Coordinator. Use [this quick tutorial](#) to guide you through the selection process.

Step 5: When you receive the dual enrollment registration form from MDC please fill out Section 1, 2, and 3. Please make sure you put in the correct course information in Section 2 (MDC Course, Course Title and Class Number).
